

## Invitation to Core region stakeholders

### **Core Consultative Group (CCG) meeting 28th February 2017, 10:00-12:00, Brussels Airport**

Dear Market Participants, Dear Associations,

Following the Commission Regulation (EU 2015/1222) establishing CACM Regulation, requiring amongst others that all EU TSOs jointly develop a common proposal regarding the determination of capacity calculation regions, ACER decided on 17 November 2016 to merge the CWE and CEE regions by establishing the Core Capacity Calculation Region (Core CCR).

The Core CCR is tasked with the main objective to supervise fulfilling all the regional obligations stemming from the respective European Commission Network Codes and Guidelines on electricity.

The Core TSOs would like to invite you to participate in the first Core Consultative Group meeting which will be held on **February, 28th 2017** at the Sheraton Brussels Airport Hotel.

Main objective of the CCG is to provide information to stakeholders about the implementation of CCR deliverables within the Core CCR (starting with FB DA) and foreseen market impact as well as on upcoming changes in the Core CCR. Further details and the Terms of reference will be explained to and discussed with you in the first meeting.

#### **Agenda**

- 1. Welcome and introduction**
  - Approval ToR Core Consultative Group
  - Meeting organization, nominations of Chairmen
- 2. ACER decision on CCR proposition: highlights and next steps**
- 3. Core project progress report, planning & next steps**
- 4. Core FB DA solution in short (main differences with CWE solution)**

Please confirm your participation to Raluca Ionita, via email at: [r.ionita@magnus.nl](mailto:r.ionita@magnus.nl), by Feb 03<sup>rd</sup> 2017.

Yours sincerely,

Carsten PFLANZ,  
Chairman, on behalf of Core Steering Group
